## Leading Construction Company to Call Ewing Township Home

EWING, NJ, December 14, 2016 – The 16,120 ± square foot flex building at 160 Ewingville Road, which stood vacant for nearly two years, will now serve as the new headquarters for Apex Construction. Christopher Scully of Richardson Commercial Realtors® arranged the sale of the property on behalf of the owner, 160 Ewingville Road, LLC and the buyer, Apex Construction.

[Apex Construction](#) is a leading construction company with a focus on full-service stone and stucco repair services as well as window replacements, siding, small roofing repairs and all levels of exterior trim installation and restoration. By moving their headquarters from Trenton to the larger property in Ewing Township, they'll be able to better service their clients in New Jersey, Pennsylvania and Delaware.

"It's wonderful that a multimillion dollar company like Apex Construction has moved from Trenton into Ewing Township since it will generate income for the municipality and local businesses," said Christopher Scully. "They'll be happy with

their new location for years to come and considering the property is on three acres, there is ample room to build.”

A division of one of the Delaware Valley’s premier full-service commercial real estate, appraisal and property management firms, Richardson Commercial prides itself in combining education, marketing savvy, seasoned counsel and an in-depth knowledge of the Central Jersey market to successfully sell properties and help clients reach their investment goals. The Richardson Commercial umbrella also includes the Richardson Management Group and Lexington Appraisal Group.
